WHO'S NOW ? !
According to the Financial Post,
Jack McArthur says: "The automobile
horsepower race is over. If this
statement isn't completely true now
of Canada's auto-making industry,
it probably will be in the autumn of
1957."

And here are two important trends
to mark down for further reference:
Auto-makers are going to put more
emphasis on the smaller car. We
have during the past few years. With
price increase averaging probably
\$50 to \$150 per car expected this
year, manufacturers are worried that
dollar considerations will cut into
volume sales.

Safety features will probably get a
bigger push.

UNFINISHED TASKS

The 17th General Council of the
United Church of Canada is already
history. The council met in Windsor,
Ont. Our western papers scarcely
mentioned the meetings. If it had
been a meeting of liquor vendors,
seeking to promote a larger sale of
their wares, would our papers have
been to much about it?

The new moderator is the Rt. Rev.
James Thompson, M.A., D.D., LL.D.,
of Montreal. It is noteworthy that
the contest was close between Rev.
James Thompson and Rev. R. Doug-
lass Smith, of Robertson United
Church, of Edmonton.

Rev. James Thompson emphasized
two vital issues in the life of
the church, in his address to the as-
sembly. These were: evangelism and
church unity. He promised to
do all in his power to move church
union nearer its fulfillment during
his term in office.

In his address to the assembly the
Rt. Rev. George Luxton, D.D., Anglican
Bishop of Huron, said: "Local
popes" few divisions in churches. He
defined a "local pope" as a per-
son who acted independently and
with a certain amount of power in
due consideration for other indi-
viduals and churches, which were
striving to attain the same goal. He
said the cause of unity moved slowly
because we want it to be complete.
The words used in talking about
unity would circle the globe. Words
alone are not enough. But when we
act in a hurry, with little patience
and less tact, we often irritate our
friends and the ultimate end is de-
layed.

How true this is in all our church
enterprises. The Bishop read the in-
structions of the Anglican Synod to
its union committee, which is as
follows: "Renew the talks with vigor,
to overcome any distrust and hind-
rances, and to reaffirm the conviction
that this is the Lord's will that
His followers should be one."

Rev. Alan Walker, a widely
known evangelist from Australia,
said in his address, "The church of
today has a single-furrow plow
mentally in a tractor age." The
power of today, he said, is in the
hands of those who control mass
communication. The church is weak
here. The result is that the church
is conditioning the attitude of our
people in such a way that it makes
it hard, if not impossible, for many
to hear the Gospel.

The message of the church he
declared, must be both personal and
social. Personal evangelism could
not carry on in our world without
the support of world fellowship,
he said. Our spiritual and material
efforts that have lost touch with
God's saving grace are powerless and
empty. So-called conversions that
leave a person's moral, economic and
political sense of values unchanged,
are far more often a curse than a
blessing. Conversions we need, but
they must result in changed lives.

Our first task is a church, Dr.
Walker said. "To help individuals to
become aware of their personal need of a spiritual Saviour;
such as is able to enable them to
conquer life's deadly sins. We must
enlarge the spiritual version of our
people, said he, and thus make Can-
ada more aware of the judgment and
the love of the Father.

For travelling salesmen we must
awake to a vital appreciation of our
duties in the home, in the community
and throughout our country and
to the uttermost parts of the world.
Since we live in a society with econ-
omic and social evils which mar the
lives of many, we must continue to
proclaim that God loves the world.
We must also proclaim that He sent
His son into the world to enable
persons, all races, and all nations to
attain their highest possible
status, spiritually.

At the present time it seems that
there are too many without the
good news Christ brought, and we
are sorry to have to relate that there
are not too many who show a vital
interest in the welfare of such people.
Many live in this vast universe,
full of pain and agony. Of the
millions, live self-satisfied but
empty lives. They laugh but they
are not happy. They are entertained
and amused, at the cost of much
effort and a large expense; but they
know no peace.

The economy of our time has be-
come, to a large extent, a war of
aggression. We live in poverty or in
the reflected wealth of the rich.
Thus by the manufacturing of the deadly
weapons of war and hate. Thus
people with a sense of loyalty and
most of us have some, are continually
being challenged to put loyalty to
a man-made order, ahead of what
they believe should be a Christian's
choice: namely, loyalty to God. Un-
less we are a people we change
our line. But when we are a people
we must also change the conditions
that make it hard to be loyal
citizens, so that all may enjoy "a
conscience void of offence toward
God." This is the church's mission
evangelism. It is the church's mission
and responsibility. Success here, as a

Notes From D.A.

By Howard J. Fletcher

There are three Schools of Agri-
culture and Home Economics in Al-
berta, located at Olds, Vermilion and
Fairview. These schools are operat-
ed so that farm people can easily
attend. This year the Olds school
commences courses on October 30,
and termination of the term is in
April.

Young people, both girls and boys,
can gain much by attending the
school. The enrollment in the boys'
class is good, but more girls could be
handled in the home economics class.

The course is well designed for
girls; it gives practical instruction
in foods, clothing and home manage-
ment courses. These courses of
instruction are given to any girl who
will be a great asset to her in her
making career. In addition, courses
are given in typing, bookkeeping,
public speaking and English; all of
these are training for office jobs, etc.

The courses all have value and
every girl should give serious consider-
ation to spending a term at the
School. The course is well designed
and it is enjoyable; you meet
and learn to get along with other
people. With the competent staff at
the school many talents and other
qualities are brought out and leaders
of the community are developed.

The boys and girls of Alberta are
fortunate in having these schools
situated here; there is no better
place for young people who wish to
explore their education to go. The
courses are all designed to help those
who plan to make agriculture and
its associated businesses their career.
For further details contact the
principal of the Olds School of Agricul-
ture.

CHRISTIAN SCIENCE

God's healing and redemptive
power will be emphasized in Christian
Science services Sunday.

The Lesson-Sermon entitled "Are
Sin, Disease and Death Real?" will
be read. "In Christian Science and
Health and Healing with Key to the
Scriptures" by Mary Baker Eddy

(474:24-30): "All reality is in God
and His creation, harmonious and
eternal. That which He creates is
good, and He makes all that is made.
Therefore the only reality of sin,
sickness or death is the awful fact
that unrealities seem real to human
erring flesh, until God strips off
this nature. They are not true,
because they are not of God."

The Golden Text is from Psalms
(67:12): "God be merciful unto us,
and bless us; and cause His face to
shine upon us; that thy way may be
known upon earth, thy saving health
among all nations."

marine sergeant asked: "Jones, when
you clean a rifle, what's the first

Walker said. "To help individuals to

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

We are glad to welcome Mrs. Kagey, a local woman, into our ranks again. Her brother-in-law, brought her up and they arrived on Sunday evening. Mrs. Kagey had endeared herself to the students during the past year and she is happy to be on duty again.

Mr. Richard Carpenter from Michigan arrived Saturday to take up his duties as music director for the college this winter. Mr. and Mrs. Troy are here in Calgary.

Mr. and Mrs. Elgin Hallman and family were guests of Miss Ethel Sunday. Mrs. Hallman and Janelle came down Saturday and spent the weekend here. Mrs. Hallman is a niece of Miss Ethel.

Arthur Eby went to Castor on Saturday evening and took a look at the work done by the Castor Sunday school for the CKSA broadcast of the "Gospel Train" program. You should listen for this program on Sunday morning at 7:30 a.m.

Mrs. Arthur Eby entertained a number of friends on Sunday evening after church service, in honor of Mrs. Ira Stauffer and Mrs. Lynn Hunsperger, who were celebrating their birthdays on that day.

Mr. and Mrs. Elgin Hallman are at the college Sunday and will help with the work here until school opens. We are glad to see him, for his enthusiasm is genuine as he takes over the leadership of the student body for the coming winter in the capacity of president of the student body council.

School will open October 10 and registration will take place the same day. We are expecting a number of new students this year. Bob Hale and Roy Corless are returning to take their fourth year of work with us. Some of the students will be coming in the beginning of next week so they can finish the jobs they had this summer.

Thursday and Friday of this week will be "Faculty Retreat" again. This is a time of fellowship and getting plans made for the winter months, problems discussed, and new ideas presented by members of the faculty. We expect to go to Banff for these two days.

We have greatly appreciated the help given us by the ladies of the church during the past several months in the canning department and cleaning at the school. There is much to show for their efforts and a big "thank you" is scarcely adequate to express our appreciation, but we do say that most heartily.

**NEW TORY CHIEF SHOULD
BE YOUNG MAN ...**

The Conservative party, advises the *Financial Post*, should choose as leader a man of age which will bring him to the peak of his political usefulness, five, ten or fifteen years from now.

He should be a man who is able to command a national, not merely a regional, following. In particular, the Conservative must hope for a leader who can pull votes outside Ontario. The party cannot survive without those votes, much less win an election.

Of course, Canadians don't vote in provincial blocs — not even Quebec is 100 per cent solid. But that only emphasizes the fact that a party with exclusive ties to one region is doomed before it begins.

FEW BOY SCOUT
GUESTS OF CANADA
at the 1955 Jamboree had a
chance to see the great dams
and smelters that made Canada
a world supplier of aluminum.

But some did see a Canadian use of the light metal: outdoor cooking with aluminum foil. One Canadian troop showed how they used this handy material for doing potatoes, steaks and other foods over the campfire; how they kept food fresh in summer heat by protecting it with aluminum. If this missionary work carries the idea back to distant lands, Canada may have to turn out still more aluminum foil — even though last year her output, if laid in a 12-inch strip, would reach 382,000 miles.

Former District Resident Celebrates Her 93rd Coming Of Age

Mrs. Hulda Imms, who celebrated her 93rd birthday last week, is ageless and serene. Hard work is the essence of her life and she toils daily in her garden. She says: "Always I am happy when I can work."

And her daughter, Mrs. Fred Aasstrup, with whom she has made her home for the past 20 years, knows that work is the secret to her mother and has long since stopped trying to make her take things easy. Grandma also does the family cooking, not because she has to, but because she loves doing it.

Last year the family decided it was too much for her to raise the 200 chickens which thrived every summer. She still cooks, so she went out of chicken raising, but she's got the best strawberry patch on the block, and every morning one can see her with a large bowl, picking the luscious berries.

Grandma Imms, who has called three countries her home, came from Germany more than 60 years ago to settle in Kansas and in 1921 came to Canada with her family on a farm just east of Didsbury, where her daughter, Mrs. Irene Klein, still resides.

In 1937, when her husband died,

she moved to Calgary to make her home with Mrs. Aasstrup and moved with the family to High River 10 years ago.

League Officers And Members Attend Sunday Conference

At the last meeting of the Walther League meeting the topic study entitled "How To Get Through School Without Cheating," was led by Bernd Befus. During the business session several leaguers stated they would attend the officers' conference in Camrose.

The league will again show films from the National Film Board and it was decided to show the film "Growing Up In Christ" in the near future.

Grace Lutheran Church, Camrose, was the scene of the third annual officers' conference of the Walther League on Sunday, Sept. 30.

Twelve societies of the Alberta-Winnipeg Conference, with representatives from the various service clubs and the evening service, was delivered by Rev. Schenlein of Camrose. After the noon meal games were enjoyed on the church lawn.

Then all assembled in the church basement for a business session, during which each district officer gave the results of his or her duties to make the league bigger and better. Approximately 90 leaguers sat down to a delicious evening meal, after which a sing-song was enjoyed and the business brought to a conclusion.

The day ended with a vesper service with Rev. Schenlein of Edmonton delivering the message on the theme of the conference, "Leaders For Christ."

FAMOUS QUOTES . . .

Zella Ladies' Group Plan Fall Bazaar

With a very small attendance of six members and one visitor, Zella W.I. held its meeting Thursday evening at Zella W.I. hall, with members turning up a poor check-out. Mrs. C. Gibbs, who was to have been hostess, was hospitalized, necessitating this change of plans. Roll call was a home hint or a problem?

Reports were given on the proceeds from the Country Fair and the catering for the dinner for the Browsers. W.I. ladies will also serve lunch at the Worthington sale on October 25.

Plans are being made to have Mr. Bell show films at the centre on Friday, Oct. 26. The annual W.I. bazaar is planned for Friday, Nov. 23. Thank you notes were received from Mr. E. Holubowich, Mrs. H. Braun and Mrs. Habermahl for the donation of vegetables to the Senior Citizens' Home.

The sum of \$45 is to be donated to Westside Willing Workers for the use of their tables on several occasions. Also the W.I. will purchase material to have two tables made.

Mrs. A. Oppen will be hostess for the meeting to be held at her home on Thursday, Oct. 18.

Thanksgiving service will be held at Zella W.I. Sunday, Oct. 7 at 10 a.m. in connection with the World Wide Commission service. Sunday school to follow at 11 a.m.

Mr. and Mrs. E. Coswell were Sunday supper guests at the home of Mr. and Mrs. Arthur Waldroff.

**KILL RATTLER
IN FARMYARD**

Two Brooks, Alberta residents re-
cently met a rattler in their
yard. It was a three-foot rattles-
nake, who was sunning himself, or
herself, as the sex hasn't been divulged,
in the immediate area.

When George Marcay came to call on
his neighbor Mogen Sanders, he
found him on his back in the yard
repairing machinery. Not 30 feet
away a rattler suddenly started to
make his presence known. The two
men killed the reptile with a shovel.

TEXAN WITHOUT A WORD!

An Easterner was being driven
by a rancher over a blistering and al-
most barren stretch of West Texas,
when a great bird, new to him,
sat perched in front of them.

The Easterner asked what it was.
The Texan replied, "That is a Bird
of Paradise."

The stranger rode in silence for a
while, then said: "Pretty long way
from home, isn't he?"
